Experience

SEM Trans	**Sacramento, CA**
Entrepreneur	*Jan 2023 – Present*

- Established and led a freight dispatch service, growing the business from inception to profitability.
- Innovated an automated invoicing system, reducing manual errors and speeding up billing processes.

Freelance and Open Source	**Remote**
Software Engineering Consultant	*Feb 2023 – Present*

- Conducted comprehensive code reviews, enhancing code quality and performance across multiple projects.
- Implemented best practices in software development, improving project outcomes and client satisfaction.

XPEL One	**Sacramento, CA**
Software Engineer	*Nov 2021 – Feb 2023*

- Conducted thorough automated and manual testing, optimizing databases and ensuring data integrity.
- Mentored team, bridging technical and non-technical stakeholders for clear communication and project success.

IncoFort	**Sacramento, CA**
Software Engineer	*Mar 2019 – Nov 2021*

- Developed detailed process flow diagrams, improving understanding and communication of system workflows.
- Automated complex tasks, reducing manual effort and increasing operational efficiency.

American River College	**Sacramento, CA**
Embedded Systems Engineer Intern	*Jan 2019 – May 2019*

- Designed and simulated circuit boards using CAD software, contributing to successful project outcomes.
- Gained hands-on experience in embedded systems design and troubleshooting, enhancing technical skills.

Skills

Operating Systems: Windows XP, Vista, 7, 8, 10, 11; Arch Linux, Ubuntu (WSL), Debian, MacOS, Android, iOS

Programming Languages: Python, TypeScript, JavaScript, HTML, CSS, Golang, LaTeX, SQL, C++, C, Java, Dart, Scheme, ANTLR, Assembly, Bash, PowerShell, XML, JSON
